

*I'm very proud to be on board as the Associate Producer for the Feature Documentary Film: Saving America's Horses. It's been a pleasure working with Katia Louise, the filmmaker. Katia is one of the most passionate, dedicated, professional and creative people I have worked with. "Saving America's Horses" is crucial in raising awareness for federal legislation that would ban the slaughter and the export of our horses. In addition, The film will undoubtedly persuade public outcry to end the brutal and inhumane slaughter of our American horses. – Debra Lopez*

**Deb Lopez**  
 Co founding member  
 Americans Against Horse Slaughter  
 Executive Director  
 Animal Fairy Charities  
 Producer and Host Animal Advocate Television

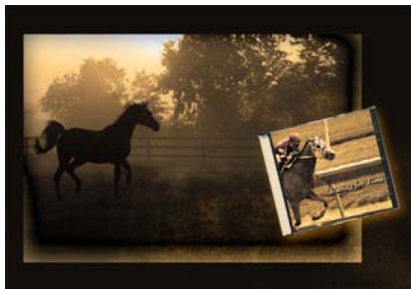

**Animal Fairy Charities**  
*Raises and distributes funds in support of the missions of other animal non-profit organizations using a federated method. In addition, Animal Fairy Charities educates and engages young children in compassion through the positive interaction with animals. Lopez, through Animal Fairy Charities created the first ever Musical Horse Aid in 2008 which brought attention and much needed funds that helped support horse rescues around the country.*

Americans Against Horse Slaughter is a non funded, grassroots movement comprised of supporters of a federal ban on the slaughter of American horses for human consumption. People from all walks of life and from all parts of the country have joined together to form AAHS. We have no other agenda, other than to stop the slaughter of American horses.

**Animal Advocate Television:** *Dedicated to raising awareness for animal shelters and horse rescues, encourages the public to foster and adopt, informs and educates on state and federal animal welfare legislation as well as encourages parents to teach children compassion at an early age.*

**Racing for Time (The Song);**  
*Inspired by her love for thoroughbreds and most recently by the late great Barbaro, Lopez co founded Americans Against Horse Slaughter, a non funded national grass roots organization in effort to help end the slaughter of American horses. She continues her campaign in quest of raising public awareness for the American Horse Slaughter Prevention Act with a song she recently wrote called "Racing For Time".*
