

For Immediate Release
Wild for Life Foundation
Los Angeles, CA
Sept 16, 2011

"Saving America's Horses" just opened the door to a whole new way of raising awareness for the horses. If you enjoy traveling or know someone who does, take a look at our brand new DoGood program and tell your friends about it too!

When you book your vacation through our [new DoGood website platform](http://www.winspireme.com/dogoods/wildforlife/), you will help "Saving America's Horses". Just visit <http://www.winspireme.com/dogoods/wildforlife/>

"We're excited to partner with Winspire and offer a unique opportunity to book a luxury vacation package at no extra cost to the traveler and provide an important donation to help save America's horses," said Katia Louise, Wild for Life Foundation. Katia founded Wild for Life Foundation to help raise awareness for the protection against cruelty to horses. "We are all connected and "Saving America's Horses - A Nation Betrayed" is the lifesaving film that's inspiring hope for our future."

[Our new website platform provides you with access to once-in-a-lifetime experiences and travel packages at reasonable prices while helping to financially support our cause to save horses.](http://www.winspireme.com/dogoods/wildforlife/) We are only offering these opportunities for a limited time. Check out the exciting travel packages, tell your friends and help us raise lifesaving funds for the horses while you enjoy the get away you deserve. Do Good and feel good by helping today.

[Log on to "Saving America's Horses" DoGood site](http://www.winspireme.com/dogoods/wildforlife/) and make your next dream vacation count for the horses.

"Saving America's Horses" is a touching and compelling documentary film that explores and nurtures the relationship between man and horse. This cause driven educational resource is a project under Wild for Life Foundation, a 501 (c)(3) volunteer based nonprofit charity that relies solely on donations and is dedicated to saving, protecting and preserving equines from cruelty.
