Groups and businesses can also raise funds collectively with credit going to the individual or group of their choice. "SAVING AMERICA'S HORSES – A NATION BETRAYED" is a CAUSE driven film project for the protection of all equines from slaughter. "Let's face it; the subject matter (horse slaughter) is not the kind of topic that drives the masses to the theatres across the country. But the general public needs to know the truth about this issue. **"Saving America's Horses-A Nation Betrayed"** brings to the surface, a topic which nobody wants to talk about in a way that **everyone will want to see.**" –Kate Dudley

"SAVING AMERICA'S HORSES - A NATION BETRAYED" is a compelling compilation of expert testimony, undercover footage and true life stories shot against the dramatic backdrops of America's beautiful countryside. The film depicts a country divided and inspires great hope for the protection of all horses and burros from cruelty.

You can help by talking about SAVING AMERICA'S HORSES to your friends and families. Tell them what's going on, and ask them to help by [donating](#) to this CAUSE. Please help us to bring exposure to this issue. You will make a difference for hundreds of thousands of horses in the years to come.

[Donations](#) can be easily made on line or by mail.

On behalf of the horses and burros,

Sincerely,

Katia Louise
