Saving America's Horses - A Nation Betrayed is set to premiere at the **2011 Los Angeles Women's International Film Festival!**

It will screen on Sunday, March 27th at The Laemmle's Sunset 5 Theater, 8000 W Sunset Blvd, Hollywood, CA 90046

SAVING AMERICA'S HORSES - A NATION BETRAYED is a compelling compilation of expert testimony, undercover footage and true life stories shot against the dramatic backdrops of America's beautiful countryside. The film depicts a country divided and inspires great hope for the protection of all horses and burros from cruelty.

Julie Caramante: *"As a cruelty investigator and someone deeply committed to banning the slaughter of American horses, I strongly applaud this important, straight-up film—it has the courage not to back down but to tell the un-whitewashed, miserable truth about horse slaughter"*.
